

STATISTICS FOR EES — EXERCISE SHEET 0

1. To be done by Thursday, 15. April: Download the file http://evol.bio.lmu.de/_statgen/StatEES/16SS/bluearea.csv, fill in your estimations from the lecture and send it back to metzler@bio.lmu.de.

2.
 - (a) Make sure that R is installed on the computer you will be using this semester.
 - (b) Try out as many as possible of the commands in http://evol.bio.lmu.de/_statgen/StatEES/15SS/R_intro.R.
 - (c) Look up commands that you do not understand in the R online documentation.
 - (d) For the Thursday session identify questions on the commands in [R_intro.R](#) for which you could not find the answer in the online documentation.
